Richard L. Davenport, Director

Dear Friends,

The Chipley Band Program includes the beginning and advanced bands from Roulhac Middle School and Chipley High School "Spirit of the Tiger" marching band, symphonic band and jazz ensemble. These are among the finest bands in the state, having consistently won many awards, honors and superior ratings at every competition in which they perform. The marching band has earned many "Best in Class" awards at numerous regional and state contests. Our concert bands have not only earned first division ratings at district and state competitions, but have gone on to take honors in national competitions throughout the southeast. Our jazz ensemble provides entertainment for a variety of community programs and events as well as repeated superior ratings.

It must be said that the Chipley Bands are a great credit to our city. The band's appearances at community events and parades and their enthusiasm and spirit at football games are an inspiration to all. Members of the bands are statistically proven to be among the finest in our schools. Qualities such as responsibility, leadership, and discipline are but a few of the values installed in these young people. Our young musicians are among Chipley's finest students, excelling in many other extracurricular activities, as well as in athletic and academic endeavors.

We want to thank those of you who have in the past supported the members of our band program. We hope also to encourage new friends to support our students. Much of our funding to accommodate travel, equipment/maintenance, music and instruction comes from the efforts of the members of the Band Boosters. Your generosity is vital to our success. You can support, through your monetary, tax-deductible donation, this most deserving group of young people by joining the "Chipley Band Patron Program." Not only will your contribution help promote the activities of our award-winning band program, but your name and contribution will also be recognized and honored in many ways throughout the year.

Sincerely,

Richard Davenport
